G. Burt Lancaster - Servant

January 2010

Director's Comments

Greetings in Jesus name:

Last month we were privileged to have Michelle Rogers as our speaker. Michelle told us about home care and the ways to get quality help and to stay away from difficult situations with hiring providers.

Our steering committee has met again and laid out more of our 2010 Calendar. Remember that these items are "tentative" and they may change. Please be patient.

Please remember to sign up for all lunch meetings and other trips. It is important for us to know how many people to plan for. This is especially true for the Mt. Hermon visits as the church must prepurchase the tickets. Also, if you have any ideas on excursions that we could take please let Barbara Mack know. She is compiling a list of potential visits that we could take.

This coming month, the Lee children will be performing music on the violin and piano. The selections will be both classical and hymns. Their mother, Agnes Lee will also be with them. People in our group who have seen them perform, rave about their accomplishments. Please join us for lunch and this exciting performance.

"Seek the Lord while He may be found; Call upon Him while He is near." Isaiah 55:6

Valley Golden Ager
2010
